

NEC ASIA PACIFIC CONFERENCE

NEC's only official conference dedicated to supporting the APAC region

Collaboration | Innovation | Transformation

Date: Thursday 28 November 2024 | Time: 9am - 5pm (HKT) | Location: Cordis Hotel, Hong Kong

Registration: necontract.com/apac24

The APAC region is positioned for significant growth and is expected to be the fastest-growing region globally in 2024, driven by domestic investment and its manufacturing ability as published in the 'Construction Market Insights'.

APAC's construction industry has made significant strides to establish its dominance across mission critical sectors with a vast pipeline across the region in 2024. In the face of strong demand, implementation of more efficient delivery methods, collaboration and partnerships and innovation will be essential to fulfil the region's construction potential and to support the global transition to net zero emissions by 2050.

This year's conference programme is themed around three core areas: Collaboration, Innovation and Transformation. During the event, delegates will have the opportunity to hear from local, regional and international experts, sharing insights and discussions centred around:

- Transforming Procurement
- Fostering a Culture of International Collaboration
- Striving to Promote Sustainable Development in Hong Kong
- Recognising Project Excellence and Innovation
- Role of Project Manager in NEC4 Engineering and Construction Contract (ECC) Hong Kong Edition
- Unlocking Opportunities in the Asia-Pacific (APAC) region for NEC Contracts
- Strategies and Initiatives to Promote the Adoption of Advancing Technologies

Agenda

08:00	Registration
09:00	Welcome remarks Renee Paik, Head of Asia Pacific, NEC Contracts
