

**NEC Annual Conference &
Martin Barnes Awards**
16 June 2025, London

Sponsorship Opportunities

Join NEC and other industry leaders for our next annual flagship **NEC Conference** and the **Martin Barnes Awards** for the global construction and infrastructure industry.

Each year, it brings together a **dynamic audience of experienced practitioners, project managers, consultants and suppliers** from sectors such as **energy, built environment, transport, healthcare, education** and more.

Sponsorship of this event positions your brand as a leader in excellence, innovation, and collaboration, where you can gain exclusive visibility and engagement opportunities tailored to amplify your impact and align with NEC's mission of transforming the built environment globally.

This year's conference theme is **"Striving for Excellence, Innovation, and Collaboration"** which will showcase NEC's impact through real world case studies, best practices, and expert insights.

The Martin Barnes Awards celebrates pioneers and visionaries shaping the future of engineering and project management through collaboration, innovation, and sustainability. Through these awards, we aim to honour the individuals, teams, and organisations that are redefining the standards of success while inspiring others to follow in their footsteps.

Don't miss the opportunity to elevate your brand and connect with the industry at one of the year's most impactful events!

For more information on how you can get involved and more details on the conference and awards, please visit [NEC website](#).
